Petition to Rockville Mayor and City Council to Immediately Reinstate
the Trash Pilot

I, _____ (18 years or older)

living at _____, Rockville, MD,

disagree strongly with the decision made on July 2, 2007, by a 3-2 vote
of the Mayor and Rockville City Council to terminate the Refuse and
Recycling Pilot. The Pilot proved highly successful, receiving
extremely high ratings from participants as a sanitary, environmentally
responsible, and less costly service. It is in the best interests of
Rockville to continue to experiment with this alternative to
twice-weekly trash service.

I therefore join with my neighbors and petition the Rockville City
Council to immediately reinstate the Pilot in the Hungerford and
Monument Park communities and to reduce the annual trash fee charged to
participants by \$100 to reflect the lower cost of the service.
